CONTENTS.

FARMERS' BULLETIN NO. 1076.—CALIFORNIA OAK WORM. Page.

Economic importance ... 3
History ... 3
Distribution and food plants ... 4
Character of work ... 4
The insect described ... 5
Life history and habits ... 7
Seasonal history ... 8
Conditions favorable to outbreaks ... 9
Natural enemies ... 10
Methods of control ... 11
Publications relating to insects injurious to forests and forest products ... 13

FARMERS' BULLETIN NO. 1077.—GAME LAWS FOR 1919. A SUMMARY OF FEDERAL, STATE, AND PROVINCIAL STATUTES.

Review of legislation of 1919 ... 3
Summary of laws relating to seasons, licenses, limits, sale, and exports ... 7
Disposition of game raised in captivity ... 48
New laws passed in 1919 ... 51
Lacey Act, regulating interstate commerce in game ... 62
Tariff Act, prohibiting importation of plumage ... 64
Law protecting birds and their eggs on Federal bird reservations ... 64
Hunting on National Forests ... 64
Treaty for the protection of migratory birds ... 65
Migratory-bird treaty act ... 69
Migratory-bird treaty act, regulations ... 71
Order permitting the killing of bobolinks, reedbirds, or rice birds ... 77
Canadian regulations under migratory-birds convention act ... 77
Canadian tariff act prohibiting importation of plumage ... 80

FARMERS' BULLETIN NO. 1078.—HARVESTING AND STORING ICE ON THE FARM.

The sources of ice ... 3
Harvesting the ice ... 6
Quantity of ice required for a dairy farm ... 14
Ice houses ... 14
General specifications for various types of ice houses ... 20

FARMERS' BULLETIN NO. 1079.—LAWS RELATING TO FUR-BEARING ANIMALS, 1919. A SUMMARY OF LAWS IN THE UNITED STATES, CANADA, AND NEWFOUNDLAND RELATING TO TRAPPING, OPEN SEASONS, PROPAGATION, AND BOUNTIES.

Legislation of 1919 ... 3
Federal laws ... 7
Laws of States and Provinces ... 8
Laws of Canada ... 26
Laws of Newfoundland ... 30
Officials from whom copies of State and Provincial laws may be obtained ... 31
Publications relating to fur-bearing animals ... 32

FARMERS' BULLETIN NO. 1080.—PREPARATION OF BARRELED APPLES FOR MARKET.

Harvesting ... 3
Grading and packing ... 10
Packing houses ... 28
Hauling ... 36
Loading in cars ... 38

FARMERS' BULLETIN NO. 1081.—CRANBERRY DISEASES AND THEIR CONTROL. Page.
Development of cranberry diseases ... 3
Sanitary conditions ... 4
Resistant varieties ... 4
Diseases discussed ... 5
Early-rot ... 5
Bitter-rot (anthracnose) ... 8
End-rot (blossom end-rot and stem end-rot) ... 9
Blotch-rot (rot) ... 9
Hard-rot and tip-blight ... 10
Red-gall ... 11
Rose-bloom (Massachusetts false-blossom, hypertrophy) ... 12
Red leaf-spot ... 13
False-blossom (Wisconsin false-blossom, phyllody) ... 14
Black-rot ... 15
Rust ... 17
Rot and spoilage during storage, shipping, and marketing ... 17
Smothering ... 18
Spraying ... 19

FARMERS' BULLETIN NO. 1082.—HOME SUPPLIES FURNISHED BY THE FARM.
Purpose of this bulletin ... 3
Dairy products ... 4
Poultry products ... 5
Pork ... 6
Beef ... 7
Sheep ... 8
The farm garden ... 9
The bread supply ... 11
Sirups ... 12
Fruits ... 13
Canning and drying ... 14
Fuel ... 15
Storage of food on the farm ... 16
The farm home ... 18
Food consumption on farms ... 19

FARMERS' BULLETIN NO. 1083.—THE HESSIAN FLY AND HOW TO PREVENT LOSSES FROM IT.
Economic importance ... 3
Regions where the Hessian fly is most injurious ... 3
Nature of injury ... 4
Life history ... 7
Description and location of various stages ... 8
Effect of the weather on the Hessian fly ... 10
The so-called bioclimatic law and its application in Hessian-fly control ... 11
Natural enemies ... 12
Control measures ... 13
Summary ... 16

FARMERS' BULLETIN NO. 1084.—CONTROL OF AMERICAN FOULBROOD.
Importance of early detection ... 3
Name of the disease ... 3
Symptoms ... 4
Basis of treatment ... 7
Preventive measures ... 9
Remedial measures ... 10

FARMERS' BULLETIN NO. 1085.—HOG LICE AND HOG MANGE, METHODS OF CONTROL AND ERADICATION.
Hog lice ... 3
Distribution and economic importance ... 3
Nature and habits ... 4
Hog mange ... 5
Varieties and general characteristics ... 5
Sarcoptic or common mange ... 6
Demodectic (follicular) mange ... 11

FARMERS' BULLETIN NO. 1085.—HOG LICE AND HOG MANGE, METHODS OF CONTROL AND ERADICATION—Continued. Page.

Treatment for lice and mange 12
Hand applications 12
Spraying 13
Hog oilers 13
Medicated hog wallows 14
Dipping 15
Construction of hog wallows 20
Construction of dipping plants 22

FARMERS' BULLETIN NO. 1086.—HOW INSECTS AFFECT THE RICE CROP.

Some insects infest rice fields almost every year 3
The rice water-weevil lives on the roots 4
The stink bug injures the yield 7
The fall army worm or Southern grass worm injures rice 8
The rice stalk-borer kills the plant 8
Miscellaneous insects which at times injure the rice crop 9
The best methods of insect control in rice fields 9
Publications on insects injurious to cereal and forage crops 10

FARMERS' BULLETIN NO. 1087.—BEAUTIFYING THE FARMSTEAD.

Need of beautifying the farmstead 3
Desirability of making plans for improvements in advance 8
Style of the design 11
Location of the buildings 17
Walks and drives 21
Service features 31
Lawns 35
Arrangement of plantings 39
Trees 40
Shrubs 47
Vines 52
Herbaceous plants 54
Plant material 55
Summary 65

FARMERS' BULLETIN NO. 1088.—SELECTING A FARM.

Training and experience 4
To buy or to rent 5
Three vitally important factors 6
Amount of capital 10
Adaptability to changing economic conditions 14
Can a high quality of farm business be maintained? 15
Location 16
Topography and soil 17
Arrangement of farm 19
Water supply 20
Social conditions 20
Prospective rise in value 20
Buying equipment, live stock, etc., with a farm 22
Possibility of disposing of farm 22
Buying a farm and renting additional land 23
Renting a farm 23
Summary 24
Sources of information for prospective buyers of farms 26
Soil surveys 26
Irrigation projects of the Reclamation Service 26
Homesteading public lands 26
Various State agencies 26

FARMERS' BULLETIN NO. 1089.—SELECTION AND CARE OF CLOTHING.

Thrift in selection and care of clothing 3
A spending plan for clothing 4
Taking stock of left-over clothing 5
Freshening and remaking old garments 5
Listing new garments needed 7
Choosing clothing 8
General facts about textiles 9
Suitability of material, design, and color 12
Care of clothing 23

FARMERS' BULLETIN No. 1090.—RABBIT RAISING. Page.
Utility rabbits ... 3
Breeds ... 4
Costs ... 12
Selecting stock ... 12
Hutches and yards ... 13
Feeding ... 17
Breeding ... 19
Selling ... 20
Dressing ... 21
Cooking ... 22
Rabbit skins ... 27
Diseases ... 31
Organization ... 34
Publications relating to fur-bearing animals ... 35

FARMERS' BULLETIN No. 1091.—PROTECTION OF POTATOES FROM COLD IN TRANSIT—LINING AND LOADING CARS.
Present conditions unsatisfactory ... 3
The basic principle ... 3
Box cars ... 5
Produce cars and certain other insulated cars in which false end walls are necessary ... 16
Refrigerator cars ... 22
Insulated cars shipped without heaters ... 25
Cars with heaters permanently installed ... 26
Publications on car loading ... 26

FARMERS' BULLETIN No. 1092.—PRAIRIE RICE CULTURE IN THE UNITED STATES.
The rice prairies ... 3
General requirements of the crop ... 5
Sources of irrigation water ... 6
Methods of applying irrigation water ... 7
Varieties ... 8
Preparation of the seed bed ... 11
Preparation of the seed ... 13
Method of seeding ... 14
Time of seeding ... 14
Rate of seeding ... 15
Depth of seeding ... 15
Fertilizers ... 16
Time to apply irrigation water ... 17
Drainage ... 18
Harvesting the crop ... 19
Shocking ... 19
Thrashing ... 20
Weeds ... 21
Diseases ... 23
Insects ... 24
Rice products ... 25
Summary ... 26

FARMERS' BULLETIN No. 1093.—INFLUENCE OF THE TRACTOR ON THE USE OF HORSES. (CORN BELT—191 FARMS.)
General conditions ... 3
Size of farm ... 6
Size of tractor ... 7
Age of tractor ... 8
Tractor operations ... 10
Exclusive and combined uses of tractor and horses ... 13
Annual use of tractor and horses ... 16
Displacement of horses ... 17
Effect of corn on the displacement of horse labor ... 20
Influence of the tractor on distribution of horse labor ... 20
Use of horses while tractor is in operation ... 25
Conclusions ... 26

FARMERS' BULLETIN No. 1094.—THE ALFALFA CATERPILLAR. Page.
Description ... 3
Distribution ... 5
Economic importance ... 5
Injury to the alfalfa plant ... 5
Seasonal history ... 6
Food plants ... 7
The value of natural enemies in reducing outbreaks ... 8
Parasites ... 8
A caterpillar disease ... 9
Conditions affecting injury ... 10
The control of the alfalfa caterpillar ... 12
Domestic fowls ... 12
Irrigation as a factor in control ... 12
Pasturing versus haying ... 13
Close cutting and clean cutting ... 14
Value of disking and renovation ... 14
Rolling and brush dragging ... 15
Summary of control measures ... 16

FARMERS' BULLETIN No. 1095.—BEET-TOP SILAGE AND OTHER BY-PRODUCTS OF THE SUGAR BEET.
Beet tops ... 3
Beet pulp ... 3
Beet molasses ... 3
Seed beets ... 4
Beet tails ... 4
Ratio of tops to roots ... 4
Observations of a beet grower ... 4
Saving the hay ... 5
Different practices ... 6
Profitable gains ... 11
Adverse experiences ... 13
The best practices ... 14
Wet beet pulp ... 20
Dry beet pulp ... 21
Utilizing beet molasses ... 21
Digestible nutrients and balanced rations ... 21
Management of seed-beet fields ... 22
Utilizing beet tails ... 22
Summary ... 23

FARMERS' BULLETIN No. 1096.—FROST AND THE PREVENTION OF DAMAGE BY IT.
Frost defined ... 3
Protection from frost ... 11
Is orchard heating profitable? ... 30
Injurious temperatures ... 36
Meteorological instruments and exposures ... 42

FARMERS' BULLETIN No. 1097.—THE STABLE FLY: HOW TO PREVENT ITS ANNOYANCE AND ITS LOSSES TO LIVE STOCK.
A tormenting and injurious pest ... 3
The common names of the insect and how it may be recognized ... 4
Distribution and abundance ... 4
Character of injury and losses ... 5
Summary of life history ... 7
Development and habits ... 8
Breeding places ... 8
Habits of the adult ... 9
Reproduction ... 11
Length of life of the adult ... 12
The larva and its habits ... 12
Life cycle ... 12
Hibernation ... 13
Agricultural practices in relation to fly abundance ... 13
Natural control ... 14
Climatic effect ... 14
Predatory enemies ... 16
Parasites ... 16

FARMERS' BULLETIN NO. 1097.—THE STABLE FLY: HOW TO PREVENT ITS ANNOYANCE AND ITS LOSSES TO LIVE STOCK—Continued. Page.
Artificial control ... 16
Protection of live stock from attack of the stable fly ... 16
Trapping the flies ... 18
Destruction of immature stages and prevention of breeding ... 19
Publication on insects affecting the health of man and animals ... 22

FARMERS' BULLETIN NO. 1098.—DUSTING MACHINERY FOR COTTON-BOLL WEEVIL CONTROL.
Factors affecting machine construction ... 5
Characteristics of available labor ... 5
Area to be treated ... 6
Nature of field ... 7
Night operation necessary ... 7
Characteristics of poison used ... 9
Type of dust cloud required ... 10
Manner of packing the poison ... 11
Machine construction ... 12
Hand guns ... 12
Operating area ... 12
Limitations and principal uses of hand guns ... 13
Capacity of the hopper ... 14
Weight and balance of gun ... 15
Elevation of dust delivery ... 15
Inefficiency of two-row hand guns ... 15
Nozzles ... 16
Dust-feeding devices ... 16
General construction ... 16
Power machines ... 18
Truck ... 20
Engine ... 21
Duster ... 22
Lighting ... 23
Distributing system ... 25
Exhaust ... 27
Advantages and disadvantages of power dusters ... 27
Wheel-traction duster ... 28
Summary and conclusions ... 30

FARMERS' BULLETIN NO. 1099.—HOME LAUNDERING.
The laundry room ... 3
Equipment ... 5
Method of laundering ... 15
Special cleaning and pressing ... 23
General laundry supplies ... 25
Community laundries ... 29
Commercial laundries ... 32

FARMERS' BULLETIN NO. 1100.—COOPERATIVE MARKETING OF WOODLAND PRODUCTS.
Need of forest products associations ... 4
The work of a cooperative forest products association ... 6
Organization of a cooperative association ... 9
Financing a cooperative association ... 11
Method of organization ... 11
Benefit to woodlands made possible by cooperative marketing associations ... 13
Cooperative marketing and community development ... 14
